

Network/UdpClient.hpp

```
graph TD; A[Network/UdpClient.hpp] --> B[QUdpSocket]; A --> C[QtCore/QTimer];
```

The diagram illustrates the dependencies of the Network/UdpClient.hpp header file. It is shown as a central box at the top with two arrows pointing downwards to two other boxes: QUdpSocket on the left and QtCore/QTimer on the right.

QUdpSocket

QtCore/QTimer
